

TeachMeet Magpie – Ideas I've picked up along the way...

*Literacy and Numeracy across the
Curriculum*

**Be The Teacher!
Correct the mistakes!**

1. today is Friday
2. The capital of England is Cardiff.
3. The majority of schools are originally a zoo before Locals became tired of the savage like behaviour and instead turned it into a school.
4. Teachmeats are meetings for pupils to discuss extending school holiday's.
5. Teaching and Learning is solely about pupil progress.

Lit-Tashes!

Think of a rhetorical question that you use a lot...

Think of a synonym for 'nice', 'strong' and 'lovely'

Explain the difference in meaning of 2 homophones

Close your eyes and describe your classroom with only your senses.

Describe your school using alliteration.

Think of a 'Rule of Three' to describe your pupils.

Hand over some responsibility to Literacy/Numeracy Champions!

- Contact **English/Maths teachers** and find out strong pupils in these areas
- Give these pupils a role as the **Class Champion**
- Give them **simple tasks** and entrench into classroom routine
- **Tasks:** Check for punctuation in titles, give them a Newspaper template and they can check their peer's writing!

Give two examples of National Parks in the 1950s

What two reasons led to the Government passing the 1949 act?

What is the name of Act that began the preservation of nature?

How did these areas promote rural tourism?

Literacy Challenger!
How might a leaflet advertise a National park persuasively?

Super Charger Question!

Why in the 1950s **might** national parks be in demand?

Why were National Parks so necessary in the 20th Century?

Numeracy Knock out!
In 1939 there were 2.5 million cars registered in the UK.
In 1963 7.5 million cars were registered in the UK.
Predict how many cars might be registered in 1983 and how this might impact on national parks....

Exciting ways to Encourage Extended writing

- 1) Folding plan
- 2) Extended Aeroplanes
- 3) Build a Burger Essays
- 4) Giant extended writing!

Introduction	Firstly
Secondly	In Conclusion

Encouraging Extended Writing!

- Giant group tasks encourage extended writing and use team work to initiate creativity and confidence!
- £shop 'Dust sheets' are perfect!

Fun Comprehension!

Challenge Grid – Public Health and Patient Care

Betsi Cadwaladr is the most important individual in the development of nursing. Do you agree? Why? Give detailed reasons.	Explain how Edwin Chadwick led to improvements in public health in the 19 century	What date did free healthcare for all become available? (FULL date)	Who founded the NHS?
Name 2 beliefs in what caused the Black Death in the Middle ages (what THEY thought)	Give 2 ways in which the Church helped the sick in the middle ages and 2 ways it did not help the sick.	What does the Black Death tell us about Public Health in the Middle Ages?	How did Pasteur's discovery of the Germ Theory in the 19 th century also lead to improved Public Health?
In what year was the 'Report into the Sanitary condition of The Labouring Population' published?	What was the job of Florence Nightingale?	How many people did Cholera kill?	What was a bigger turning point in public health, the NHS or the Public Health Act of 1848? Give detailed reasons
Why was John Snow's discovery so important in saving lives?	Which century was more important in improving public health, 20 th or 21 st ? Explain why in depth	What is Cholera?	Describe the work of Florence Nightingale and Betsi Cadwaladr. Include details and place names
What is another term for Patient care?	Name three problems with public health in the 19 th Century	Name three 20 th century Government laws that were introduced to improve public health	What does Public Health mean?

How many points can you score in 20 minutes?

Task Grid! Roll the dice and complete the Numeracy and Literacy tasks!

	1	2	3	4	5	6
1	Miners dug under the battlefields in France. One explosion <u>under ground</u> took 900,000lb of explosives in 19 tunnels. How many lb per tunnel on average?	Write a sentence including an example of alliteration.	Over 21,300 were killed on the first day of the Somme. If each soldier had a family of 3 at home... how many people were affected by a soldier's death?	the trenches reaced off sweat and Exhorstion all the Men where tyred . Correct the punctuation.		Write a sentence describing the trenches using a simile.
2	Describe what you could hear in the trenches using only adjectives.	Roll again until you roll a 6! For each time you do not roll a 6, re call a fact about the trenches!	Describe the trenches of World War One using your senses.	12 million letters were delivered to the front every week and took 2 day for each letter to be sent home. Rounding to the nearest number, how many letters could be sent in 247 days?	Miss a turn!	Russia suffered 2 mill civilian deaths during WWI, Serbia 650,000 Rumania 500,000 and Germany 500,000. How many civilian deaths total?
3	Roll again!	Think of a metaphor to describe the soldiers in the Trenches.		Think of a 'list of three' to describe the feelings of the soldiers going over the top.		Write a sentence using onomatopoeia.
4	Use the homophones 'their' 'there' and 'they're' in a sentence set in the battlefields.	The cost of bullets fired in one 24 hour period in September 1918 was nearly 4 million pound. Estimate how much it would cost in 3 days and 6 hours.	Find 2 synonym for the word 'nice'.	The total figures of deaths during WWI are around 8-12 million. If each person had 3 children and a wife... how many people were affected by the deaths?	Use personification to describe the conditions of the Trenches.	Miss a turn!
5	Roll again until you roll a 3 and then think of three countries involved in WWI!	Find 2 synonyms for the word ' '		Find an antonym for the word 'mysterious'.		Describe the battle scene pretending you are a soldier with his eyes closed.
6	Soldjiers truded threw the Mud all around the zig zags of the trenche's this was lyf for the men now Correct the punctuation.	Nine out of 10 soldiers survived the trenches. What percentage and decimal figure died?	Think of three verbs to replace 'walking' in the trenches.	Roll again!	Think of three words to replace 'said' for a battle scene where an officer is talking to his men.	Blood transfusions saved lives during WWI. Blood was kept on ice for 28 days, a journey to the front took 1.5 days and patients could have blood per day... how many

Numeracy – Magnetic Darts

Pupils play a game of darts. Each number has a question for the pupil to answer verbally.

Just like a darts game, **the black sections = points on outside, red sections = double points and inner sections = treble points.**

Extra challenge – According to official darts rules, the board is hung so that the bulls eyes is 5ft 8in **(1.73m)** from the floor or eye-level for a six foot man.

The **Oche** is the line that a throwing player must stand behind, this generally 7ft 9in (2.37m) from the face of the board.

Give pupils a tape measure!

Thanks for listening!

That's all Folks!
